Dr. Steve Perry

Keynote Speaker, Tuesday, October 13, 2015, 12:00 p.m. - 1:00 p.m.

Dr. Steve Perry's work has transformed the community. His heart pumps passion and produces positive change. Born into his family's third generation of poverty, Perry believes that the success of a life is determined by where you end, not where you start. It is this philosophy that inspired him to transform the lives of low-income and minority children by providing them with access to a college education.

Capital Preparatory Magnet School has sent 100% of first generation high school graduates to four-year colleges every year since its first class graduated in 2006.
